DSR Protocol · live demo

Scan this code. It changes on every scan.

One physical code. The resolver decides what you see, so the same code shows something different each time — with no app to install.

Try it: open your phone camera, scan the code, then scan the same code again to watch it move to the next scene.

SCAN 1	SCAN 2	SCAN 3
Product	Marketing	Safety

tek kod, çok sonuç · one code, many outcomes · dsrprotocol.com
