COMPLIANCE ATTESTATION

Accuracy attested by the economic operator

Legal responsibility for the accuracy of this Digital Product Passport has been formally accepted.

✓ SIGNED OFF

CONFIRMED BY

compliance@example.com

CONFIRMED AT (UTC)

2026-11-06T09:00:00Z

6 Nov 2026, 09:00 UTC

ECONOMIC OPERATOR ID

TR-VKN 1234567890

SEEDED FROM TEMPLATE

Food & Beverage

Immutability guarantee. This confirmation was hard-gated server-side: the passport could not be saved, published, or pushed to the EU registry until a verified brand representative accepted the accuracy declaration. The signer identity and UTC timestamp are recorded on the passport's server-side audit trail and cannot be altered through the public interface.

ESPR CONFORMITY

100%

Mandatory category completeness

✓ All five categories complete

ESPR CATEGORY	PRESENCE	COMPLETENESS
Product identification	Present	✓ Complete
Material composition	Present	✓ Complete
Environmental performance	Present	✓ Complete
Circularity & durability	Present	✓ Complete
Compliance & declarations	Present	✓ Complete

ESPR DOSSIER & DECLARATIONS

Product identification	
Unique product identifier	https://dsrprotocol.com/01/086900000000012
Identifier scheme	GS1 Digital Link
Batch	AYV-2026-0142
Manufacturer	Ege Kırsalı Gıda A.Ş. (Manufacturer)
Economic operator ID	TR-VKN 1234567890
Data carrier	https://dsrprotocol.com/01/086900000000012

Materials & composition	
Total mass	1180 g
Extra-virgin olive oil	62% · renewable
Dark glass bottle	36% · 60% recycled
Metal closure	2% · 40% recycled

Environmental performance	
Carbon footprint	1.9 kg CO ₂ e (cradle-to-gate)
Assessment method	ISO 14067
Water use	9.2 L
Energy use	0.41 kWh
Renewable energy	70%

Circularity & durability	
Repairability	7 / 10
Expected lifespan	18 months (best before)
Recyclability	95%
Recycling pathways	Kerbside glass, Bottle bank
Disassembly guidance	Available
Spare parts	Not applicable (single-use pack)

Compliance & declarations	
Türk Gıda Kodeksi — Zeytinyağı Tebliği	TGK-2026-OO-0142
IOC / EU 2568/91 olive-oil standard	IOC-EVOO-2026-0142
EU food-contact materials 1935/2004	FCM-2026-0142
REACH compliance	Compliant

How to read this report. DSR is the secure Resolver that hosts this passport and acts as Data Processor; the data is authored and warranted by the manufacturer (Data Controller). Issuer/economic-operator details appear under “Product identification” above — business identity is verified to EORI/VAT + domain where completed, otherwise self-declared (eIDAS-grade identity is on the roadmap). Completeness is computed against the five mandatory ESPR categories; it is a structural check, not a certification. This view is read-only, resolves in under 100 ms, and every access is logged. Consumer passport: <https://dsrprotocol.com/tr-sunrise-zeytinyagi>.

Document integrity seal SHA-256 · SIMULATED EIDAS QES

5F2DAD74918788DB7700ABBAC5B374A8E912BE10774FC3A72E7908C052A665BE

Sealed 2026-10-04T15:44:11Z (4 Oct 2026, 15:44 UTC). This digest is computed over the report's canonical content — any change to the underlying passport data yields a different digest. A live deployment binds this to a qualified electronic seal & timestamp.
